DELIVERING ENGINEERING EXCELLENCE

WHAT WE DO

Elements pride themselves on creating an environment that is personalised to individual needs.

With a diverse portfolio we have developed a reputation for knowledge, professionalism, reliability and delivery.

Elements manage all aspects of installation in smart homes including sophisticated audio, visual, discreet technology, electrical, plumbing and security. From design, installation, commissioning and ongoing maintenance.

“WE UNDERSTAND HOW IMPORTANT IT IS
TO CREATE YOUR DREAM HOME, TO
EXACTING REQUIREMENTS.”

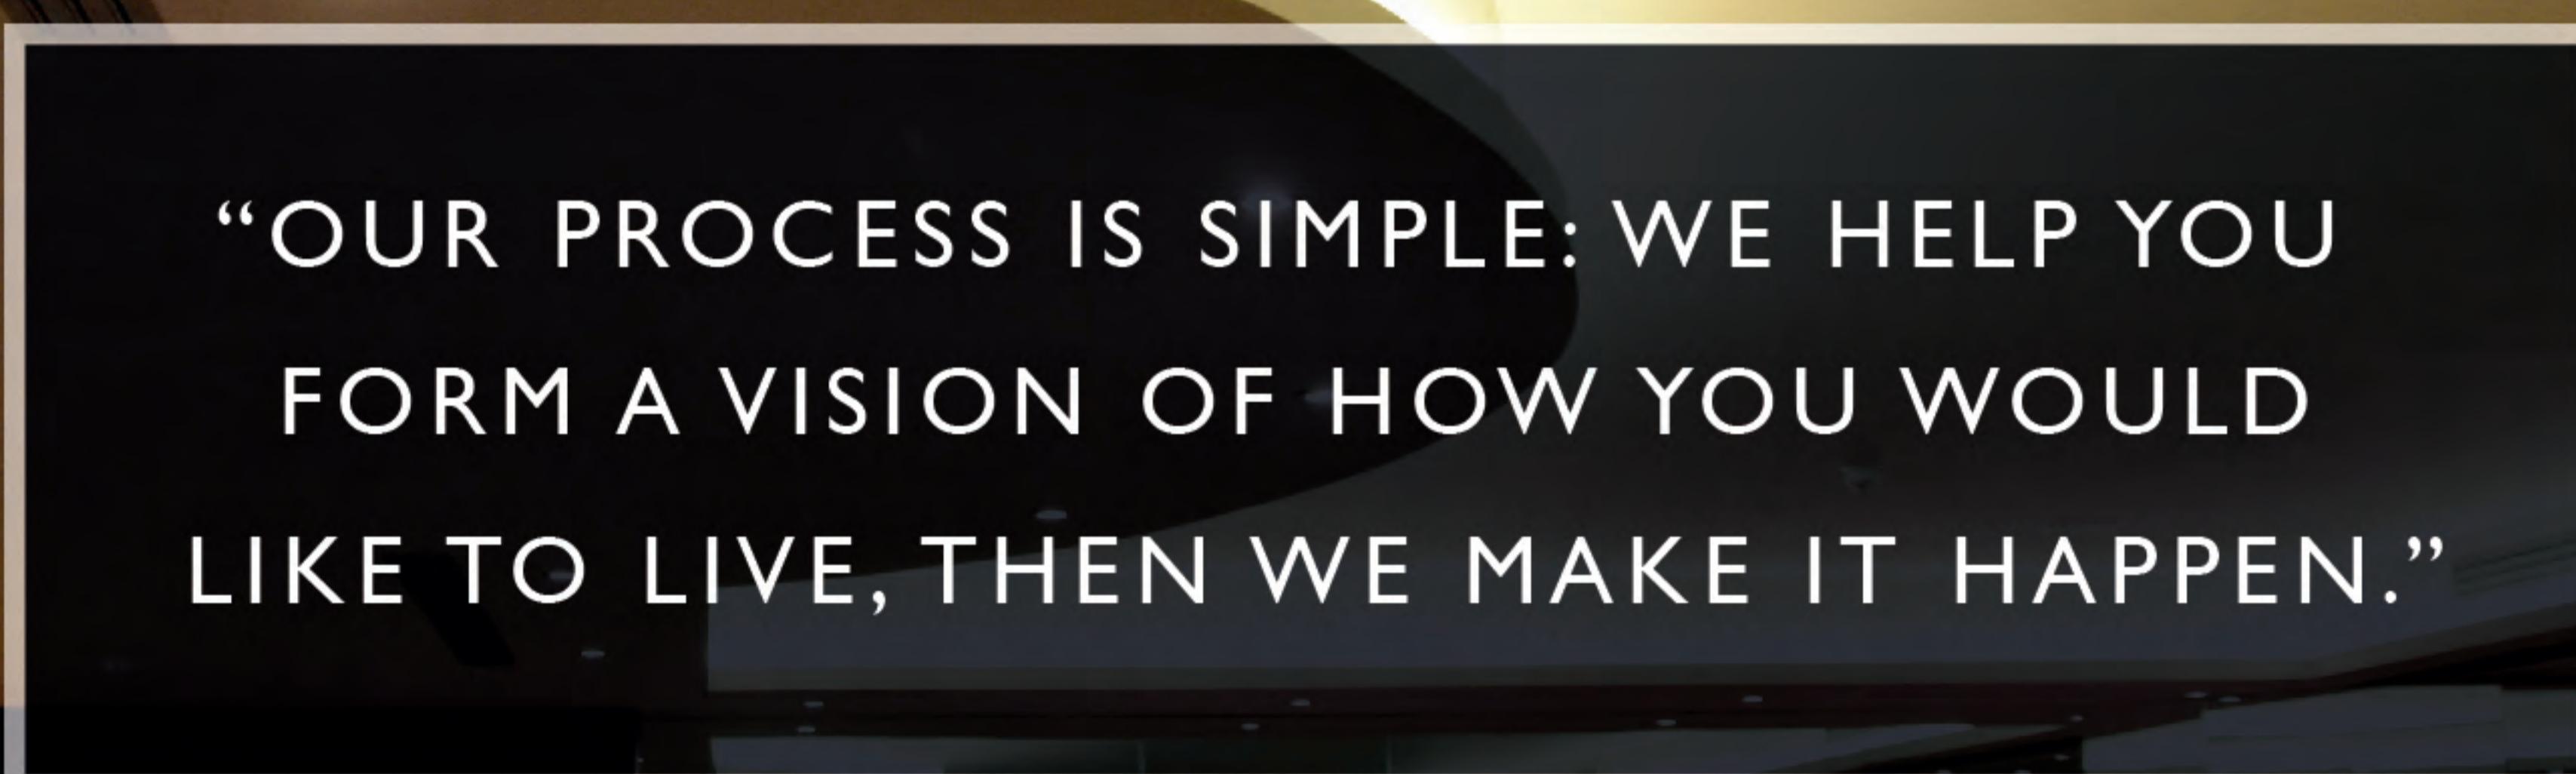

ABOUT US

Elements was established in 2002 operating throughout London and the South East of England. We have developed an enviable reputation as a turnkey solutions provider for offering a reliable and professional service, integrating technology into everyday high-end modern living.

We pride ourselves in delivering unified and personalised smart homes giving you complete control of lighting, visual, audio, security, blinds, heating and water features to name a few.

No matter how individual your requirements, we work closely with you, your architects and interior designers to ensure every requirement from lighting installations to complex heating systems are seamlessly integrated into your home.

“OUR PROCESS IS SIMPLE: WE HELP YOU
FORM A VISION OF HOW YOU WOULD
LIKE TO LIVE, THEN WE MAKE IT HAPPEN.”

SERVICE AS STANDARD

We provide a fully tailored service from inception to ongoing maintenance, removing the stress from integrating sophisticated technology into modern and protected buildings.

Our flexible approach allows our in-house specialists to work with architects and interior designers to create your dream home.

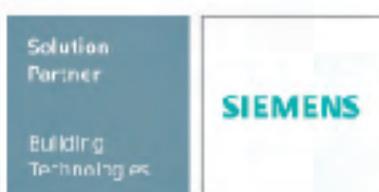

OUR FOCUS IS ON
BEING YOUR PARTNER
OF CHOICE.

OUR PEOPLE

Our highly qualified and experienced team have the ability to co-ordinate and manage all stages of the building services process, from initial design to well organised and skilled installation on site.

ACCREDITATIONS

Elements ensures full accreditation for the services we offer.

OUR VALUES

RELIABLE

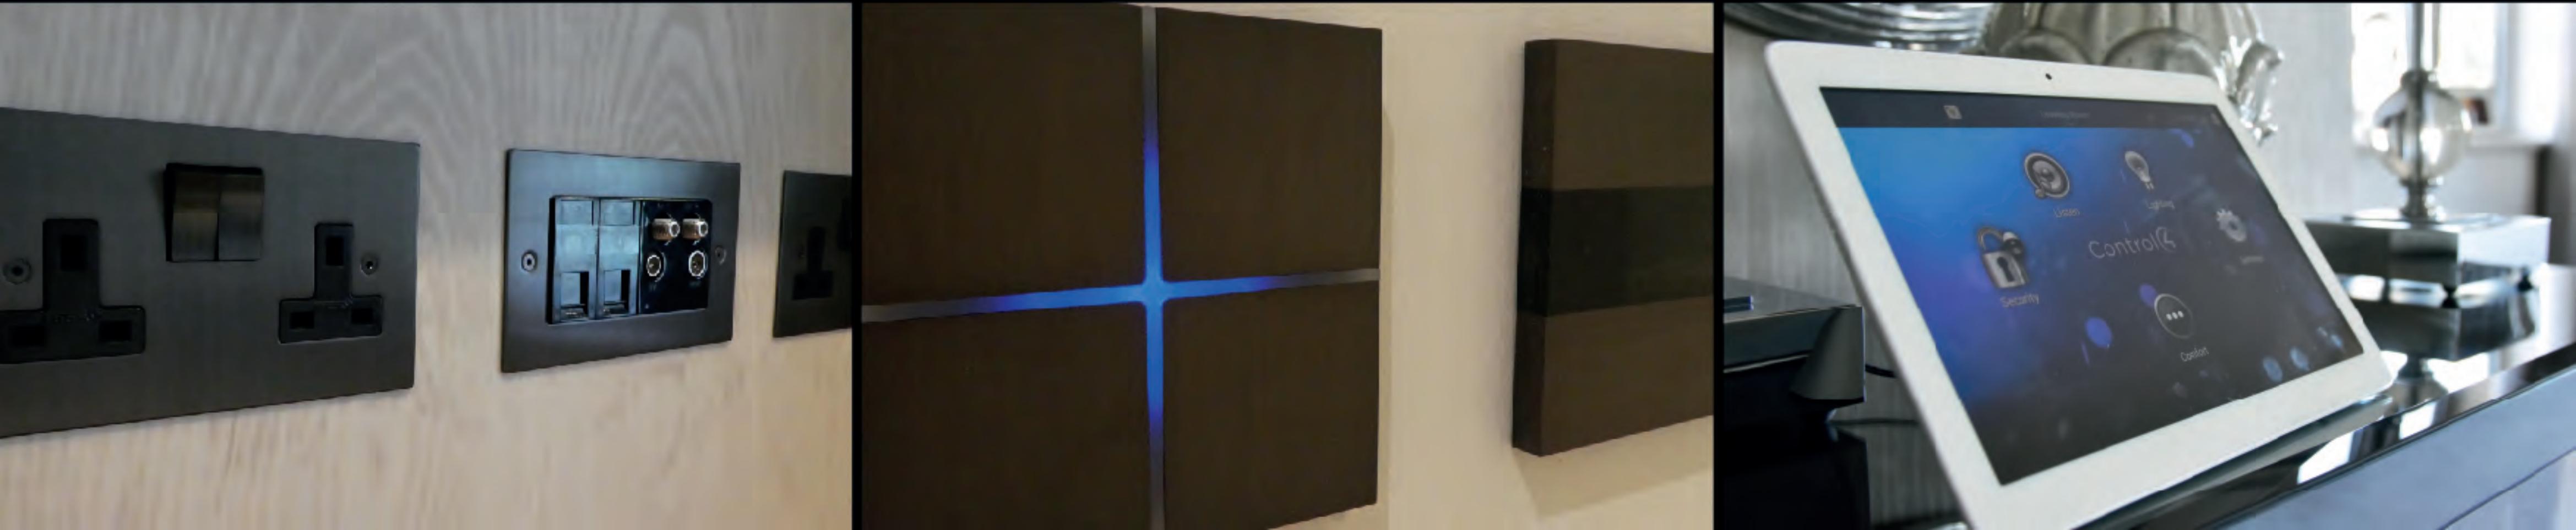

We are determined to meet your exacting requirements on time and within budget.

RESPONSIVE

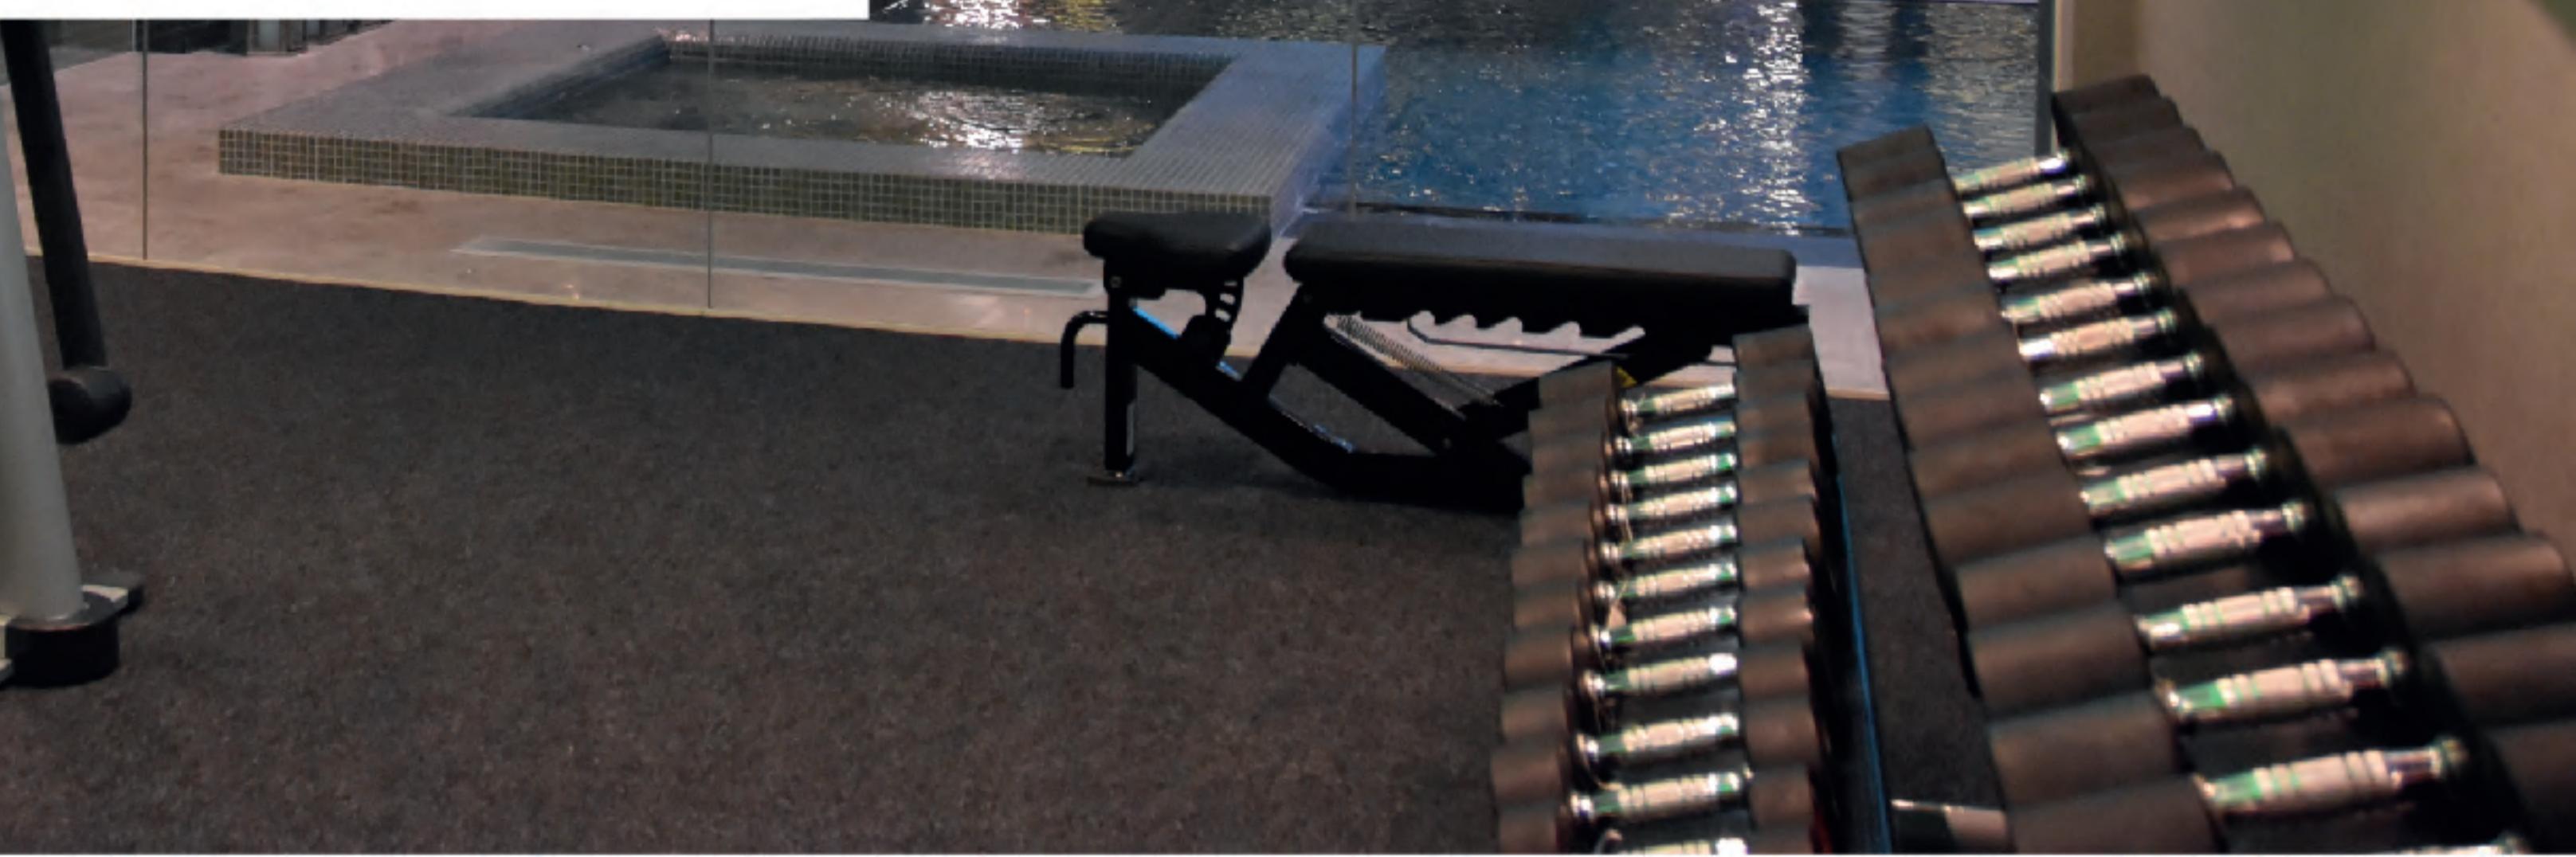

We have the ability to adapt our skills to deliver a bespoke solution.

RIGHT

We are committed to delivering a full turnkey solution, providing you with peace of mind.

We work with private individuals in existing and new build exclusive private residences installing bespoke audio visual systems, lighting, controls, advanced security, building management systems and heating air conditioning systems. Our team have the expertise of working with high end and exclusive materials, with the ability to integrate the latest hi-tech equipment.

LIGHTING

We design, install, service and manage lighting systems which are required for modern day living, creating a relaxed and pleasant environment. Our clients benefit from full installation and project management to ensure your automated preferences are integrated into individual lifestyles.

Elements Bespoke work with you to create the perfect smarthome. Working with you to create your dream home or enhancing your existing home, you will receive the same attention and dedicated service. We have established excellent relationships with the best audio visual, automation and electrical specialists. With our experience we can ensure you get the very best in skilled workmanship for your project.

We have a proven track record in delivering projects with precise specifications.

Our range of expertise covers the full range of mechanical and electrical services from inception to completion.

**ELEMENTS SUCCESS HAS BEEN
BUILT THROUGH OUR COMMITMENT TO
PROVIDING THE HIGHEST LEVEL OF
CUSTOMER SERVICE.**

“WE HAVE BUILT A REPUTATION FOR
EFFICIENTLY DELIVERING TO TIME,
WITHIN BUDGET AND QUALITY.”
