## THE ALTERNATIVE HOLIDAY DESTINATION

These days, holidays and travel will be challenging but in your own home cinema you can still venture far and wide - to anywhere on earth or beyond!

We can implement home cinema in any available space in your home and integrate all of your TV and games - even your Zoom meetings.

Create a space that all the family can enjoy and which will enhance your home and provide the perfect escape from daily life.

## CAN I REALLY DO THIS?

We have packages to suit all budgets; ranging from a simple living room upgrade to a fully fledged dedicated space with custom design.

All packages feature options to hide the technology away completely if required and our intuitive control options can bring it all to life at the simple touch of a button.

## WHAT'S INCLUDED?

Our cinema packages are always tailored exactly to your requirements and will normally include these elements:

- Display such as TV or projector and screen
- Audio processing and amplification
- Speakers and subwoofers
- Sources for Netflix, Sky TV and other services
- Easy to use smart control system (new or an extension of existing)
- Any options such as; lighting, seating, acoustic treatments and heating/cooling

## THE PROCESS

We have done everything that we can to make the process of delivering your cinema as easy as possible.

Once we have established your requirements we will create a full design and budget for your approval. From there we will manage all the required trades and be your single point of contact for the duration of the project.

## THE NEXT MOVE

**Please contact with us to discuss how we can create your ideal home cinema in time for the holidays.**

Your initial consultation is free, without obligation and can be done via video call to maintain social distancing.

We understand that you will have questions on products and process and we will do our very best to answer all of those for you and to make delivering your home cinema as easy as possible.
